Experiences of the work place

4 students began or completed their work experience this term and this is what they told us !!!!

What is NCS?

Designed specially for 16 and 17 year olds, the NCS experience will give you a clearer idea of what you want from your future turning all those 'No You Cant's' into No We Can.

We exist to engage, unite and empower young people, building your confidence so you can go out there and achieve your dreams, no matter where you're from or what your background is.

You'll spend a few weeks in the summer or autumn mixing with a new crowd, and taking on fresh challenges together. Before you know it, you'll be rooting for each other, as you all tackle your own little hurdles.

Along the way, you'll also get a taste for independence and pick up skills that'll help you smash your future goals. And if that's not enough for you, you'll also be given a platform to get your voice heard and pursue a passion project to create a positive, lasting impact in your local community.
