

?

Why

I can

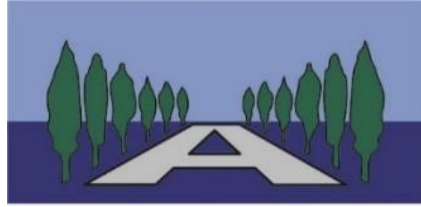

X

not

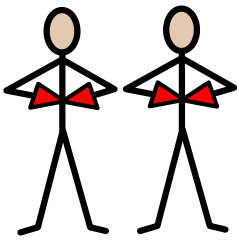

The Avenue School

go to school

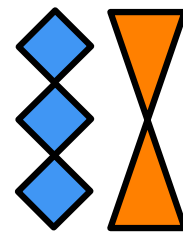

The Avenue School

At the Avenue School

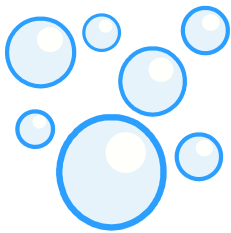

we

are all in

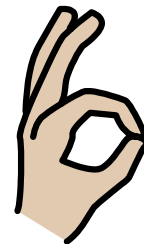

different

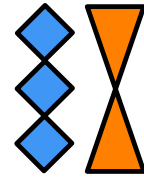

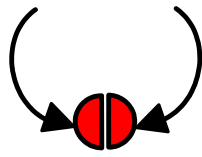

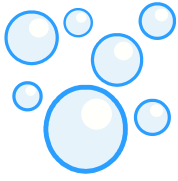

bubbles

. This is

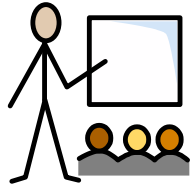

ok

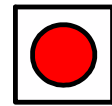

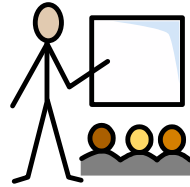

.

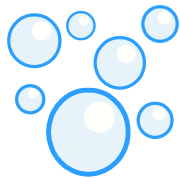

Bubbles are made of different

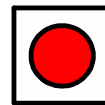

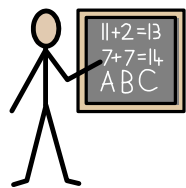

2

classes , 2 classes are in

a bubble . All the students and

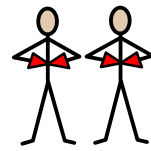

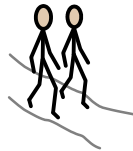

their teachers are in the

bubble .

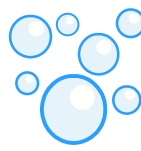

In our bubble we all do some

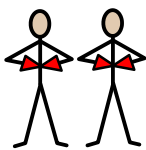

activities together, sometimes we

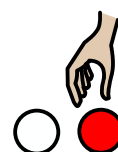

walk to the the sensory trail. When

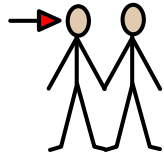

someone in our bubbles gets sick

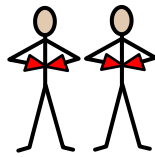

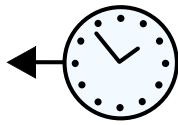

we all need to stay at home until

they are better. This is good choice

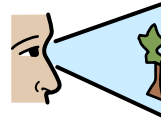

When they are better or 14 days

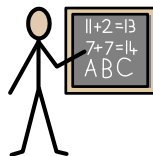

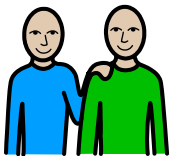

have past we can all go

The Avenue School

back to school and see our

friends and teachers in our bubble
