Winners Of Innovative Business 2021

Out of hundreds of schools that took part nationwide, The Avenue School students were among the Top 10 and were invited to a prestigious award ceremony at Hampton Court Palace. The school's Deputy Head, Maarit Eben, praises the KS4 students and sixth formers that attended the event: 'Our 'Bubble Team' were absolutely fantastic – they pitched their product to Peter Jones himself and answered his questions with confidence. The joy, when we were announced the winners of 'An Innovative Business 2021', was immense! We were also treated to a tour of the palace; the students described the day as "one of the best days of their lives"!'

Information on the local offer can be found at

ICT Enrichment Experiences for Yellow Pathway Students

17th November 2021

The WeDo workshops are a great way to get our Students excited about computing, and will provide a great mix of hands-on fun, critical and logical thinking, and a very memorable day for all involved.

Independent Careers Advice

We welcome back Romana from Elevate on 15th & 26th of November holding individual and group sessions.

Students will focus on organising their future based on their aspiration, skills and natural talents. Information letters will be sent out at the beginning next term

We have made 35,000 Poppies for
Royal British Legion

ONE. BY SEBBY RAVEN CLASS

We didn't know what his name was.

But we do know what he'd done.

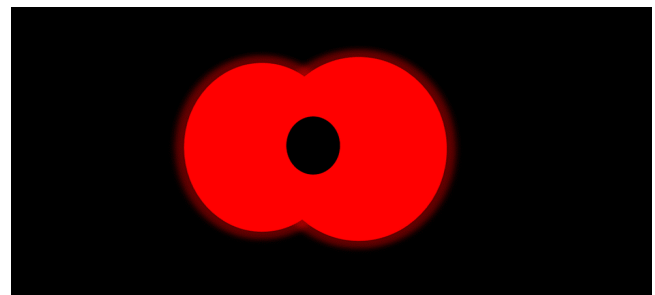

Of everyone that gave their lives in that time, he
was one.

A century has passed since his farewell was bid.

But served us well along with the others he did.

Although we never knew his identity.

We do know that he fought selflessly.

Look out for Sebby's poem on the Royal British Legion website
